PROJECTS

Personal Portfolio Website

- I have developed a professional portfolio website to showcase my skills, projects, and accomplishments. The site features a clean and responsive design, providing visitors with an overview of my background, skills, and a detailed showcase of my projects. Regularly updated content to show ongoing development and maintained a clean design for a better user experience.

E-learning platform

- The development of an innovative online learning platform for college students using HTML, CSS, JavaScript. The platform facilitates access to essential resources such as college notes, previous year question papers, and other study materials, empowering students to enhance their skills and excel academically. This project aimed to provide a comprehensive tool for academic success and supporting future growth and career advancement.

Internships

Drupal Development Intern: - Worked in a team to understand and apply basic Drupal concepts, getting hands-on experience in website development. Assisted in customizing Drupal solutions, focusing on tasks like configuring sites, managing content, and customizing themes and modules.

Android Development Intern: - Worked on Android app development, learning Android Studio and Java practically. Helped add new features, collaborated with teams, and gained insights into the app development process.

Skills

JavaScript, HTML, CSS, React.js, Bootstrap, Mongo DB, Java.

HOBBIES

Travelling, Workout, Cooking, Game, Books.
